INFORMED CONSENT FOR IN-PERSON SERVICES DURING THE COVID-19 PUBLIC HEALTH CRISIS

This document contains important information about our decision (yours and mine) to begin/resume in-person services in light of the COVID-19 public health crisis. Our decision is based in part on recommendations by the Center for Disease Control (CDC), but other factors may be considered. Some of these include but are not limited to: whether we and our families have been vaccinated, our health or the health of those we are in close contact with, and risk of exposure outside of this setting. There may be other concerns that we can talk about.

Please read this carefully and let me know if you have any questions. When you sign this document, it will be an official agreement between us.

Decision to Meet Face-to-Face

We have agreed to meet in person for some or all future sessions. If there is a resurgence of the pandemic or if other health concerns arise, however, I may require that we meet via telehealth. If you have concerns about meeting through telehealth, we will talk about it first and try to address any issues. You understand that, if I believe it is necessary, I may determine that we return to telehealth for everyone's well-being.

If you decide at any time that you would feel safer staying with, or returning to, telehealth services, I will respect that decision, as long as it is feasible and clinically appropriate. Reimbursement for telehealth services is also determined by the insurance companies and applicable law, so we'll discuss any financial implications if needed.

Risks of Opting for In-Person Services

You understand that by coming to the office, you are assuming the risk of exposure to the coronavirus (or other public health risk).

Your Responsibility to Minimize Your Exposure

To obtain services in person, you agree to take certain precautions which will help keep everyone (you, me, and our families, [my other staff] and other patients) safer from exposure, sickness and possible death. If you do not adhere to these safeguards, it may result in our starting / returning to a telehealth arrangement. Initial each to indicate that you understand and agree to these actions:

You will tell me if you've been vaccinated. If you haven't, we'll talk about whether it's possible to meet safely in person.

You will only keep your in-person appointment if you are symptom free. If you wish to cancel for this reason, I won't charge you our normal cancellation fee.

You will wait in your car or outside [or in a designated safer waiting area] until no earlier than 5 minutes before our appointment time.

You will wash your hands or use alcohol-based hand sanitizer when you enter the building.

You will adhere to the safe distancing precautions we have set up in the waiting room and testing/therapy room. For example, you won't move chairs or sit where we have signs asking you not to sit.

___ Wearing a mask in all areas of the office if you are not vaccinated is strongly recommended. You do not need to wear a mask if you are fully vaccinated, per current CDC Guidelines.

___ You will keep a distance of 6 feet and there will be no physical contact (e.g. no shaking hands) with me [or staff].

___ If you are bringing your child, you will make a reasonable effort that your child follows all of these sanitation and distancing protocols.

___ You will take steps between appointments to minimize your exposure to COVID.

I may change the above precautions if additional local, state or federal orders or guidelines are published. If that happens, we will talk about any necessary changes.

My Commitment to Minimize Exposure

My practice has taken steps to reduce the risk of spreading the coronavirus within the office and we have posted our efforts on our website and in the office. Please let me know if you have questions about these efforts.

If You or I Are Sick

You understand that I am committed to keeping you, me, [my staff] and all of our families safe from the spread of this virus. If you show up for an appointment and I [or my office staff] believe that you have a fever or other symptoms, or believe you have been exposed, I will have to require you to leave the office immediately. We can follow up with services by telehealth as appropriate.

If I [or my staff] test positive for the coronavirus, I will notify you so that you can take appropriate precautions.

Your Confidentiality in the Case of Infection

If you have tested positive for the coronavirus, I may be required to notify local health authorities that you have been in the office. If I have to report this, I will only provide the minimum information necessary for their data collection and will not go into any details about the reason(s) for our visits. By signing this form, you are agreeing that I may do so without an additional signed release.

Informed Consent

This agreement supplements the general informed consent/business agreement that we agreed to at the start of our work together.

Office Safety Precautions in Effect During the Pandemic

My office is taking the following precautions to protect our patients and help slow the spread of the coronavirus.

- Office seating in the waiting room and in therapy/testing rooms has been arranged for appropriate physical distancing.
- My staff and I wear masks, when we are interacting with those who have not been fully vaccinated.
- My staff maintains safe distancing.
- Hand sanitizer that contains at least 60% alcohol is available in the therapy/testing rooms, the waiting room and at the reception counter.
- We schedule appointments at specific intervals to minimize the number of people in the waiting room.
- We ask all patients to wait in their cars or outside until no earlier than 5 minutes before their appointment times.
- Physical contact is not permitted.
- Tissues and trash bins are easily accessed. Trash is disposed of on a frequent basis.
